14 x 8	1865.00

The Deluxe Range was added in 2020 and has proved to be a popular choice for our customers. The shed was built with all the additional extras you require from a garden building to make it practical yet secure. The Deluxe is available in Apex or Pent styles, it features 'breathable membrane' in the roof to help prevent condensation, the hinges on the door are bolted for added security, it has a lever lock and handle on the door as standard, and also has extra framework and braced corners for additional strength, an opening window is also included. For extra security it can be purchased without a window.

*Our featured 'Deluxe Sheds'
are available as both Apex and Pent*
